WELCOME TO NKHOMA COLLEGE

A Message from the Principal

It is my privilege to welcome you to Nkhoma College of Nursing, an institution committed to developing competent, ethical, and compassionate nursing and midwifery professionals. Guided by Christian values and our motto, 'Training Towards Transformation,' we strive to produce graduates who are academically prepared, clinically skilled, and socially receptive.

Our programmes - Diploma in Nursing and Midwifery Technician, Community Health Diploma in Nursing and Midwifery Technician, and Certificate in Midwifery Assistant - are designed to respond to national health priorities while fostering critical thinking, leadership, and holistic care. We emphasise not only technical competence but also empathy, professionalism, and a lifelong dedication to service.

At Nkhoma College, education goes beyond the classroom. We create a disciplined, supportive, and spiritually grounded environment where students grow personally and professionally. To our students, I commend your choice to pursue a career of service. To our partners, parents and guardians, thank you for your continued support. Together, we are shaping the future of healthcare in Malawi.

Explore more about our programmes, admissions, and student life on our official website.
